THE CHICAGO AND NORTH-WESTERN RAILWAY.

THE BEST ROUTE AND SHORTLINE BETWEEN—

Omaha, Council Bluffs and Chicago.

The only line to take for Des Moines, Marshalltown, Cedar Rapids, Clinton, Dixon, Chicago, Milwaukee, and all points East. To the people of Nebraska, Colorado, Wyoming, Utah, Idaho, Nevada, Oregon, Washington and California it offers superior advantages not possible by any other line.

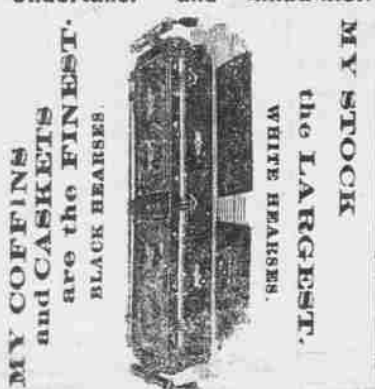

Among a few of the numerous points of superiority enjoyed by the patrons of this road between Omaha and Chicago, are its two trains a day of DAY COACHES, which are the finest that human art and ingenuity can create; its PALACE SLEEPING CARS, which are models of comfort and elegance; its PARLOR DRAWING ROOM CARS, unsurpassed by any; and its widely celebrated PALATIAL DINING CARS, the equal of which can not be found elsewhere.

At Council Bluffs the trains of the Union Pacific Ry. connect in Union Depot with those of the Chicago & Northwestern Ry. In Chicago the trains of this line make close connection with those of all Eastern lines. For Detroit, Columbus, Indianapolis, Cincinnati, Niagara Falls, Buffalo, Pittsburgh, Toronto, Montreal, Boston, New York, Philadelphia, Baltimore, Washington, and all points in the East, ask the ticket agent for tickets via this.

"NORTH-WESTERN" If you wish the best accommodation. All ticket agents sell tickets via this line.

CONSPIRATORS NABBED

Chicago Has Two Companies of Troops.

ACTUAL TRAVELING EXPENSES.

The Depositors Will Not Suffer—A Healthy Convention—Prairie Fire—Gets Eight Years

For Conspiracy.

CHICAGO, November 8.—Frederick Koerst and Emil Wende have been locked up by the police on the charge of conspiracy. At the time of the arrest, Koerst had on his person four heavy revolvers for delivery to Wende, to whom he was under contract to bring a dozen of the same pattern. The chief of detectives said the department had evidence to convict those men and a number of others of conspiracy. For two years the Anarchists and Socialists have made their headquarters in the northwestern part of the city. While to all outward appearances they seemed to have avoided all the haunts and sympathizers, they have been secretly taking interest in the promulgation of their old-time doctrines. The police have had spies among them, and as soon as they began plotting last week, a number of them were taken in by the detectives. Lieutenant Steele refuses to say how many prisoners have been made.

The Soldiers Get There.

CHICAGO, November 8.—For the first time in twenty-two years Chicago has a military camp. Two companies of the Sixth United States Infantry, under command of Major Lister, arrived in the city this morning and proceeded to the military reservation at Highwood, which was given the government by the city of Chicago. Immediately upon their arrival, the garrison flag was run up on the camp of Highwood, which was formerly dedicated. None of the officers had any idea that they would be brought into the city next Friday, as many sensational reports had alleged.

Actual Expenses.

WASHINGTON, November 8.—Secretary Fairchild has issued a circular, prescribing that persons traveling upon official business of the Treasury Department will hereafter be allowed their "actual traveling expenses," usual and essential to the ordinary comfort of the traveler. Each account must be sworn to by the person rendering it, as just and true in all respects, and must state that the services therein were actually performed; that the expenses charged were actually and necessarily incurred and paid at the dates specified; that the distances charged were actually and necessarily traveled, and that no part of the travel was under a free pass on any railroad, steamboat or other conveyance.

Depositors Will Not Suffer.

ST. LOUIS, November 8.—H. A. Forman, of Dugoin, Ill., bank examiner, took charge of the Fifth National Bank to-day and will wind up its affairs. He says the depositors will be paid in full and the stockholders will realize about 70 per cent. The real cause of the failure is said to be an indiscriminate lending of money to business concerns, which were doing a large business on small capital.

British Government's Plan

LONDON, November 8.—Lord, M. P., in a speech, at Trowbridge, to-night, gave an outline of the government's legislative plan for the coming session of Parliament. It includes measures for a reform of parliamentary procedure and dealing with the local government titles and railway grants.

A Healthy Convention

MEMPHIS, November 8.—The Fifteenth annual session of the American Public Health Association convened to-day. A number of interesting papers were read and discussed. The attendance is large, comprising members from nearly all the States in the Union as well as Canada.

Prairie Fire.

WILLS POINT, Tex., November 8.—A very destructive prairie fire occurred near here last night, burning over an area of eight miles, 1,000 acres of pasture and many homesteads. Many lost houses, barns, etc.

Almost Impossible.

BERLIN, November 8.—It is reported that Dr. Mackenzie has declared the operation on the Crown Prince almost impossible. The specialists will hold a consultation to-morrow.

Eight Years

MADRID, November 8.—Hillariand, who attempted to assassinate ex-Marshals Bazaine, has been sentenced to penal servitude for eight years and to pay the costs of the trial.

At Peace.

A stomach in revolt is an obdurate rebel. Corrected with Hostetter's Stomach Bitters, its discontents with the food introduced into it in unwary moments of appetite ceases. Then it is at peace. Then dyspepsia abandons its grip. Then such fractions manifestations as heartburn, a sinking sensation in the pit of the abdomen between meals and unnatural fullness afterwards, flatulence, acid gurgles, biliousness, etc., cease to inflict martyrdom. After a course of the national tonic and alterative, the liver and bowels, always more or less disordered during a prolonged attack of indigestion, resume their functions and become regular. Thus not only dyspepsia, but its concomitants, constipation and biliousness, are conquered by the medicine, which remedies their fruitful cause, weakness of the organs of digestion. The encephalic nerve, cellular tissue, in short, every organ that bears a part in the digestive processes, acquires vigor and regularity from the benign invigorant.

AFTER diphtheria, scarlet fever, or pneumonia, Hood's Sarsaparilla will give strength to the system, and expel all poison from the blood.

THE COURT AT PROVO.

Business Before Judge Henderson Monday and Tuesday.

In the First District Court, in session at Provo, the following business was disposed of before Judge Henderson on Monday:

In the case of the People vs. Cleon Jackson, grand larceny, a jury was empaneled, but before going to trial the prosecution found none of their witnesses could identify the defendant. The jury, therefore, returned a verdict of not guilty, under the instruction of the Court.

TUESDAY MORNING.

The alleged conspirators against Bert Ethier were brought before the Commissioner for examination. Jacob Johnson represented the prosecution, and B. W. Driggs, Jr., the defense. After the examination, the Commissioner thought there was not sufficient evidence to hold the defendant, James Lue, and he was hence discharged; the other defendants, Leech and James Johnson, were discharged on motion of the prosecution.

Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." A Great Victory

A Terrible Case of Scrofula Cured by

Hood's Sarsaparilla

"In the winter of 1879 I was attacked with Scrofula in one of the most aggravating forms. At one time I had no less than thirteen large abscesses over and around my neck and throat, continually exuding an offensive mass of bloody matter disgusting to behold, and almost intolerable to endure. It is impossible to fully describe my sufferings, as the case was complicated with Chronic Catarrh. After three years of misery, having been treated by three physicians, I was worse than ever. Finally, on the recommendation of W. J. Huntley, druggist, of Lockport, N. Y., I was induced to try Hood's Sarsaparilla. And now, after having taken twelve bottles, within the last twelve months, the scrofulous eruptions have entirely ceased, and the abscesses have all disappeared, except the unsightly scars, which are daily becoming smaller by degrees, and beautifully less. I do not know what it may have done for others, but I do know that in my case, Hood's Sarsaparilla has proved an effective specific indeed. As an evidence of my gratitude I send these facts unsolicited, and I am ready to verify the authenticity of this cure, by personal correspondence with any one who doubts it." CHARLES A. ROBERTS, East Wilson, N. Y.

This statement is confirmed by W. J. Huntley, druggist, of Lockport, N. Y., who calls the cure a great victory for Hood's Sarsaparilla. Send for book giving statements of many cures.
